

Your vision. Made visible.

by Alan Geleff

Who We Are.

Imprint is a brand identity studio built for founders, creators, and entrepreneurs who know exactly what they're building — but haven't yet found the words, the visuals, or the presence to show the world.

There's a moment before a brand launches when everything is potential energy. The vision is there. The conviction is there. What's missing is the translation — from gut feeling to something the world can see, feel, and remember.

That's what Imprint does. We originate brand identities from the ground up: the name, the mark, the palette, the voice, the story, the system. Everything that makes a brand a brand.

Alan Geleff founded Imprint on a single belief: that when you take on someone's brand, you don't just design for it — you represent it. You carry it. You treat it as if it were your own.

“That brand becomes my brand.”

The result is work that doesn't just look good — it resonates. It creates the kind of launch energy where founders can't wait to get in front of their audience. Pride. Excitement. Readiness. That's the Imprint outcome.

THE MARK

The Spiral.

USAGE — LIGHT & DARK

On cream / white

On ink / dark backgrounds

A fingerprint. A signature.

THE FINGERPRINT

Every brand is one of a kind. Like a fingerprint, no two are the same — and the mark celebrates that irreducible uniqueness.

THE SPIRAL

The concentric whorls represent the layered nature of brand identity: from outer perception to inner meaning, each ring adds depth.

THE IMPRINT

A mark pressed into the world. Permanent. Present. Unmistakable. It exists to be remembered.

USAGE NOTES

- Do not stretch or distort.
- Do not rotate the mark.
- Do not use on busy backgrounds.
- Maintain clear space equal to half the mark diameter.
- Never alter spiral proportions.

THE LOCKUP

Mark + Wordmark.

Primary lockup — horizontal

Stacked lockup — for square formats and social profiles

CLEAR SPACE

Always maintain a clear space around the full lockup equal to the height of the lowercase "i" in the wordmark. This clear space must be free of other graphic elements, text, or visual noise. Minimum reproduction size: 120px wide (digital) or 1.5 inches (print).

The Palette.

CREAM

Primary Background

RGB: 245 . 241 . 235

Page backgrounds, breathing room, all primary surface contexts.

INK

Primary Foreground

RGB: 26 . 23 . 20

Headlines, body text, the mark, and all primary type. The definitive brand tone.

WARM BROWN

Accent — Use Sparingly

RGB: 140 . 115 . 85

Section labels, rules, detail elements. Communicates craft, warmth, quality. Never dominant.

ON COLOR USAGE

Cream and Ink carry the brand. The Warm Brown accent communicates craft and quality — use it for small elements like labels, rules, and captions, never as a dominant field. Avoid adding colours outside this palette.

TYPOGRAPHY

Type System.

PRIMARY — LORA

Aa Bb Cc

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz 0123456789

"Your vision. Made visible." — Lora Italic

Lora is the primary typeface for headlines, display text, pull quotes, and the wordmark. It brings warmth, credibility, and the sense of craft that defines the Imprint voice. Use the italic for emphasis and editorial moments.

SECONDARY — POPPINS

Aa Bb Cc

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz 0123456789

Poppins provides clean legibility for body copy, captions, labels, and UI contexts. Its geometric warmth pairs naturally with Lora without competing. Use Light for body, Medium for labels, Bold for strong emphasis only.

TYPOGRAPHY

Type Hierarchy.

DISPLAY HEADLINE

The quick brown fox jumps over the la...

SECTION HEADING

The quick brown fox jumps over the lazy dog.

SUBHEADING / LABEL

SUBHEADING LABEL — SMALL CAPS TREATMENT

BODY COPY

The quick brown fox jumps over the lazy dog. Imprint builds brand identities that last.

CAPTION / FOOTNOTE

Version 1.0 . Imprint Studio . 2026

SPACING PRINCIPLE

Leading is set at 150% of type size for body copy. Headlines breathe with generous margins — never less than one cap-height of space above. Never set body copy smaller than 9pt in print, 11px on screen.

How We Speak.

Imprint's voice is direct, warm, and intentional. It speaks like someone who is deeply invested — not because they've been hired, but because they genuinely care about what you're building.

IMPRINT IS

Confident

We don't hedge. We make clear, informed recommendations and stand behind them.

Warm

This is human work. We speak to real people building real things with real stakes.

Precise

Every word earns its place. We say what we mean and nothing more.

Invested

We talk about client brands as if they were our own — because they are.

Exciting

The best work should feel like standing at a starting line. We write with that energy.

IMPRINT IS NOT

Corporate

We don't talk in brand-speak, agency-speak, or buzzword soup.

Cold

Minimalism is aesthetic, not emotional. We stay warm even when we're spare.

Passive

No "perhaps" or "maybe." No burying the lead. We say what needs to be said.

Self-important

The brand is the hero, not the studio. We celebrate the work, not ourselves.

Generic

Every brand we build is specific. Our language should reflect that specificity.

Services.

PRIMARY SERVICE

Identity Origination

The full creation of a brand identity from scratch — or the complete reinvention of one. This is the core of what Imprint does: name, mark, palette, type, voice, story, and system.

ADDED VALUE — BUILT ON TOP OF IDENTITY

Brand Website

A web presence that carries the identity forward — built to convert and built to last. Designed and developed to match the standard of the brand it represents.

Asset Kit

Everything a brand needs to show up consistently: social templates, email headers, letterhead, pitch decks, icons, and beyond. Packaged for real-world use.

Brand Guide

The system document — this document — that captures all identity elements, usage rules, and voice guidelines so the brand can scale without losing itself.

Launch Support

Announcement strategy, launch visuals, and copy that captures the energy of a new brand entering the world. The starting-line moment, done right.

The Imprint Promise.

*When you work with Imprint, you are not hiring a vendor.
You are gaining a partner who is as invested in your brand
as you are — because to me, it becomes my brand too.*

Every mark I create carries the same intention:
to make a founder proud to stand behind it.
To feel ready. To feel seen. To feel like the brand
they'd always imagined — finally made real.

"That brand becomes my brand."
